In File Explorer SUPPORTING YOU EVERY STEP OF THE WAY You'll have all the resources you need for success.

Select More Settings On the Settings tab select Save space and download files as you use them box.. But, instead of connecting a physical drive, you only have to connect to iCloud.. Important: If you're using the OneDrive Mac Store app Select the white or blue OneDrive cloud icon in the Windows taskbar notification area.. Files are stored locally on your hard drive, but also synchronized to iCloud This offers an easy backup and it makes it possible to access those files on other computers and devices.. ICloud Drive is a file storage system that is included in iCloud Working with iCloud Drive is like using an external hard drive.
